Features of Flourish Blockchain

The proud features that makes flourish blockchain unique among its peers that guarantees mass adoption in the near future

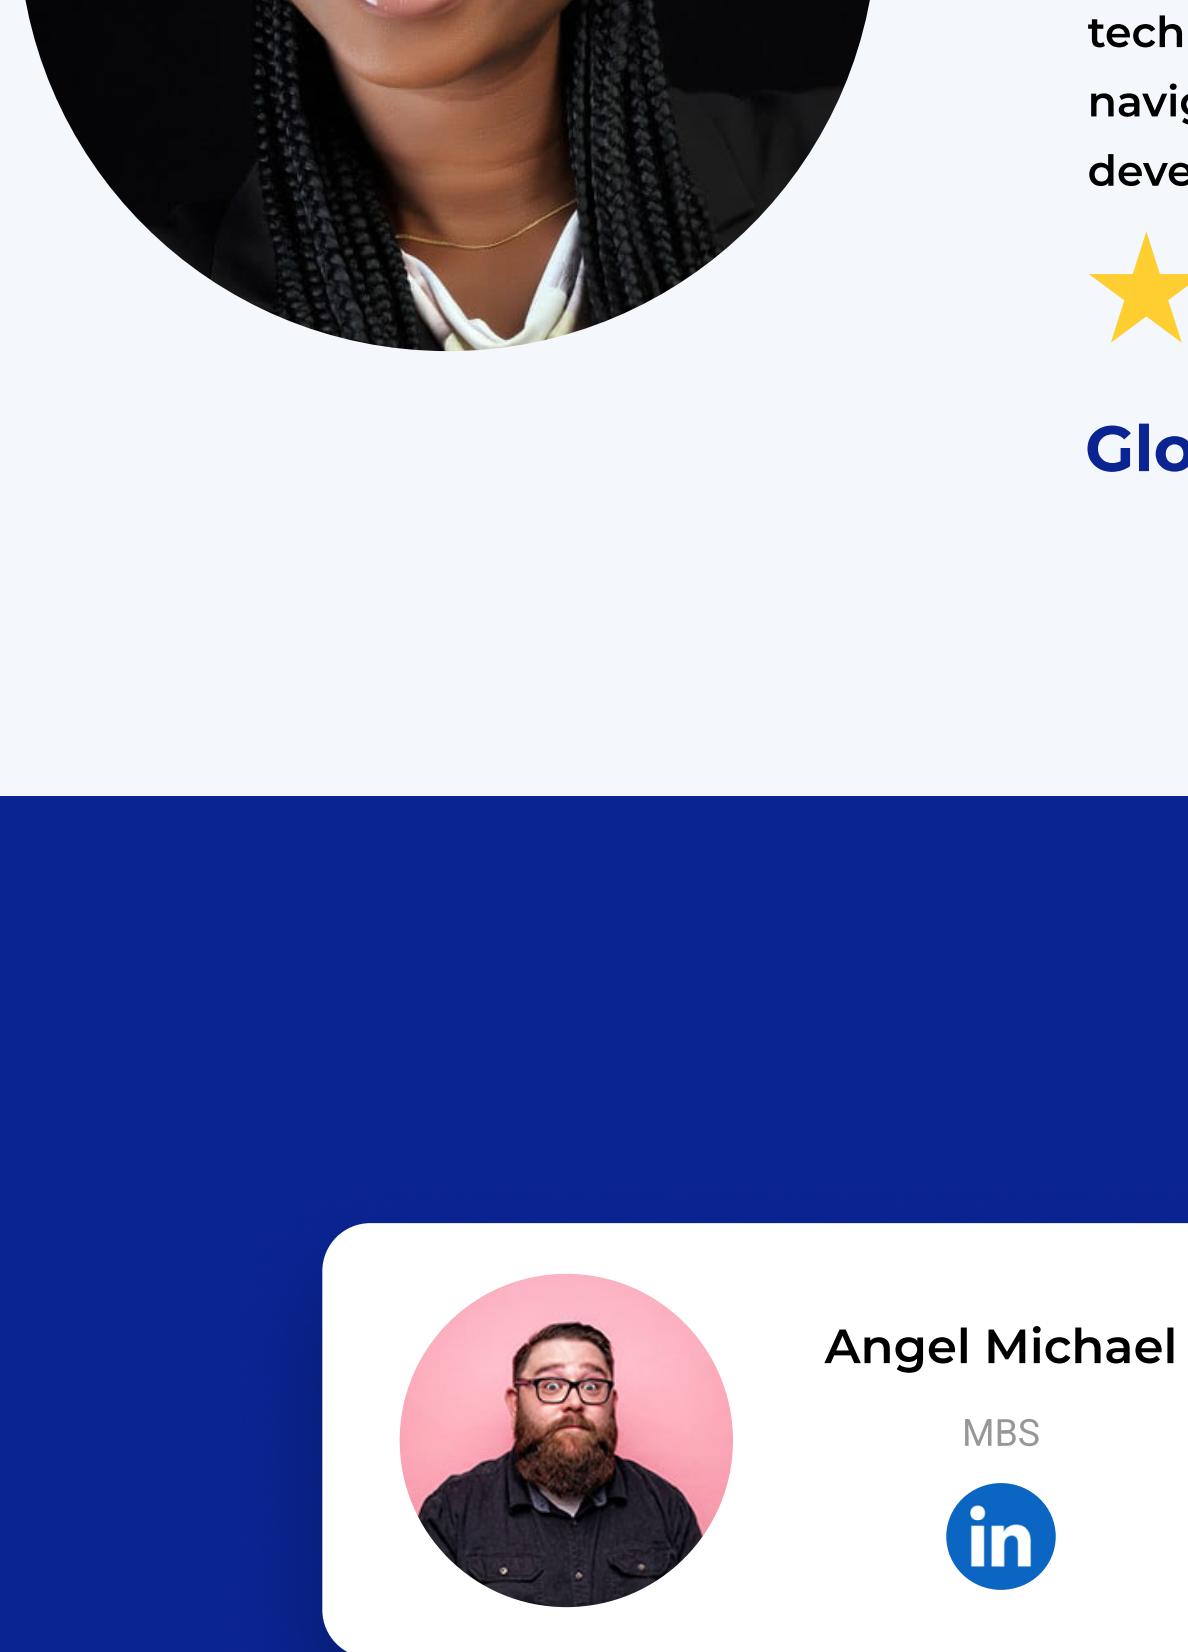

Fully Crypto Backed
Basket of Fiat Currencies backed by FLB coin and established stablecoins such as Statis EUR and USDT

Delegated Proof of Stake
Flourish Blockchain leverages the delegated proof of stake of the fantom blockchain allowing holders of FLB to delegate holdings and earn reward

Over Collateralized
Synthetic stablecoins are overcollateralized making the possibility of liquidation extremely difficult
